The Department of Transplantation, Jagiellonian University Medical College is actively looking for experienced postdoctoral fellows with international recognition to work in an advanced center for novel-omics technologies within the OMICRON Project (founded by the EU, grant number 286038).

The Department is offering a replacement employment contract to a candidate willing to fill in a part-time position (1/2 FTE) with a possible extension to 4/5 FTE from October, 2014 at a postdoctoral level with competitive salary for a period of 9 months. **Start date of employment: August 18th, 2014.**

**The Department of Transplantation:** the main focus of research conducted in the Department is in the field of stem cells biology.

The head of the Department is Professor Marcin Majka, PhD.

His major scientific interest is *use of iP cells in regenerative medicine.*

Publication records include – *JCI, Leukemia, Stem Cell, Experimental Hematology, Blood.*

The Department of Transplantation and the **Center for Medical Genomics – OMICRON, Jagiellonian University Medical College, Krakow, Poland** is actively seeking the postdoctoral fellow to join the highly motivated team working on the development of induced pluripotent stem cells strategy to treat patients with neurodegenerative diseases including Parkinson disease. The candidates should hold the PhD or MD in molecular biology, cell biology, genetics or similar fields. The very good English communication skills are also required from potential candidates.

**General information:**

**Required application documents:** full Curriculum Vitae, consisting of a publication record in international journals, a description of research and laboratory work experience and three reference letters with contact information.

**Applications will be accepted until June 22nd, 2014.** Please, send all of the documents via e-mail to omicron@cm.uj.edu.pl.

Please include in your offer:

"I hereby authorize you to process and to store my personal data included in my job application for the needs of the recruitment process (in accordance to the Personal Data Protection Act 29.08.1997 no 133 position 883 with further amendments)"

The institution may seek to contact the best candidates only.
